Commendation:

"I have worked with AGC for many years, they have always provided a high level of quality and service. I personally believe that real service begins when things get tough. ACG has always stepped up and met that expectation."

—G. Provost, Sr. Project Mgr.

Bollard Installation

\$998K SoCal Gas Newberry Springs Station Restroom Remodel & Addition, San Bernardino, CA

AGC delivered TI renovations for the **remote site** Newberry Springs Transmission Station. Work improved Work Room & Conference Rooms, Bathrooms, Loading Dock, Electrical Room, Stairways, New Finishes, Site Work/Exteriors and constructed a New Addition.

Conceptual Images

\$1.6M Repave Area R Roads, NAWS, China Lake, CA

AGC executed paving, driveway and parking upgrades around **18 mission critical facilities** supporting **classified** Naval Air Weapon Station's North Range operations (target development, flight/ground/bomb testing). Project was successfully completed under AGC's **\$99M US Naval Facilities Engineering Command Design Build Paving Construction Program**.

FA-18 Super Hornet, China Lake, Classified Area, No Photos Allowed

\$850K Repair & Install Gates & Signage for Visitor Safety, Lake Mead Natl. Rec. Area, NV

AGC fabricated, installed or refurbished 62 steel swing gates, 77 locks, and 615 road signs/posts in the Lake Mead National Recreation Area, including remote locations. Project improved visitor safety and directional orientation throughout entire footprint.

Lake Mead National Recreation Area

\$1.09M US Army Design Build Airfield Repairs, Crack Seal & Slurry of Taxiways A, C, D at Los Alamitos Army Airfield, CA

AGC provided **design build** services for new work and repairs at the Joint Base's key Taxiways A, D and C, including pavement repairs, joint/crack sealing (by filling with blast/jet fuel resistant sealant), 4" geotextile AC pavement overlay installation, sealcoating, and restriping. AGC communicated with the Air Traffic Control Tower at all times and phased work to accommodate key Army missions, military aircraft landings/takeoffs, and always gave priority to the Army's airfield activity.

Joint Base Taxiways A, C & D

Client Commendations

"AGC's management team has been very upfront and cooperative with information requested by Govt., have been very professional in their work and have shown a lot of interest in solving issues associated with the project."
— Brandon Montoya, Sr. Constr. Mgr., US Navy NAB Coronado

"The Project Manager and Site Superintendent are some of the very best and hard working individuals one will encounter in this work. I would rate them as exceptional..." — Andrew Lei, Supervisory Engineer, US Navy
